

# LING MOOR

## A PRIORY ACADEMY

NEWSLETTER JUNE/JULY 2022

The end of the summer term has been another really successful period of time for our Ling Moor Family with the children making so much progress in their learning, achieving amazing outcomes and creating wonderful memories.

Despite the challenges of the last two years, the children have demonstrated an amazing ability to succeed. We are delighted with the progress that they have made and this is all down to their hard work, positivity and of course your support.

It has been absolutely wonderful to see so many of you at the various events in the Academy over the summer term. The highlight of which was the wonderful picnic organised by the Friends of Ling Moor. Whilst the impact of covid is still felt by many, it was simply gorgeous to see the children enjoying themselves and playing together after what has been such a long time. To see so many of our past pupils and

to welcome our new pupils was really special.

Thank you to those of you involved in the planning and organization of the picnic. Alongside the discos and many other events, you have done so much this year.

This year, we have also seen our wider Trust values become really ingrained in our Academy with so many of our Year 6 children successfully achieving their Priory Star award. They have shown their Curiosity, Wisdom, Generosity, Courage, and Passion throughout the course of their time at Ling Moor. We already have some of our Year 5 children ready to collect their Priory Star in the first assembly in September.

Courage took centre stage at our summer sports events – not only sports days but a great week of events organised by Mr Small. We strive to get the balance right each year between participation and competition and this year's sports days were perfect.

Courage was also evident in our Year 6 performance with so many of the children taking stage, acting and singing so well in front of the audience and sharing the knowledge that they had gained. Our current Year 6 have been a tremendous group of young people to work with. We wish them well in their future endeavors and look forward to hearing of their many future successes.

### Careers

This year, the children have benefited hugely from various visits from members of our community to share their expertise. We are incredibly grateful when people give up their time to support the children's learning. Next academic year, we are planning to hold a careers event and would love it if any of you would be able to come into school and talk to groups of children about your job. If you would like more details, please can you email the enquiries address.

### Parent Pay

You will should have now received the details to be able to access the Parent Pay system. If you are having any difficulties with the system or if you have not had your login details, please do contact us. Miss Statham is our resident expert and will be able to help you out.

### Date of return

The Academy reopens on Monday 5<sup>th</sup> September. We look forward to seeing all of the children then.
