# Apps and Websites to Support Learning

Following recent requests, here is a snapshot of apps which you might wish to explore when helping your child with their maths. The games work well as they allow the children to repeat and practice skills and facts learnt in school.

Additionally searching within your app store, you will unearth a wide range of games and puzzles aimed at supporting pupils learning or maths and maths facts.

We currently subscribe to **Numbots** and **Times Tables Rock Stars** and your child will be provided with a login and further details once they reach the appropriate age.
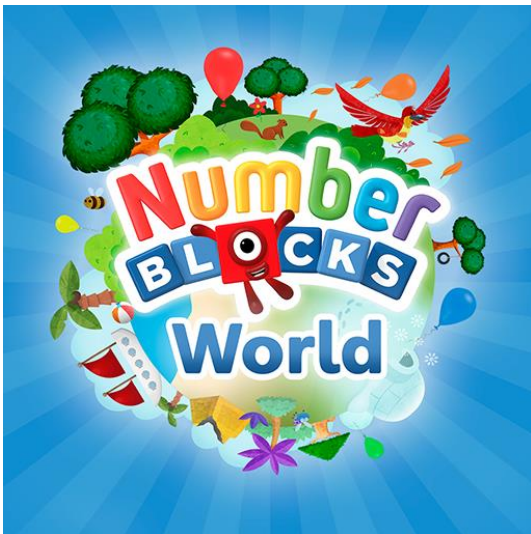

Our Goal

For pupils to use efficient mental calculation strategies to add and subtract two-digit numbers, so that they can leave counting on their fingers behind!

## DESIGNED BY TEACHERS, FOR TEACHERS

Times Tables Rock Stars takes the hassle out and puts the FUN into learning and recalling times tables! Our innovative learning platform helps children become fluent in their times tables, which in turn cuts thinking delay, enabling you to teach them more complicated maths.

EYFS and KS1

Get ready for an animated adventure and number magic that you can count on to help your child learn maths in a visual and exciting way. Numberblocks World is a fun-with-numbers video on demand app, brought to you by the BAFTA award-winning team at Alphablocks Ltd. andBlue Zoo Animations Studio.

All year groups

Designed for use both in class and at home, our 1-minute maths app helps children build greater number confidence and fluency. It's all about targeted practice in engaging, one-minute chunks!
