

# Ling Moor Primary Academy

## Sports Funding Statement 2024/25

Following the London 2012 Olympic and Paralympic Games the Government provided funding for schools to secure a significant and lasting legacy for children. The aim of the funding is to develop an enjoyment of sport and physical activity, and to promote a healthy lifestyle in children from an early age. It is up to each individual school or academy to decide how this money is spent.

### Funding 2024-25

During the academic year of 2024-2025 we have received **£16,000** in a lump sum and an additional **£10 per pupil**. This means the Academy has received **£19,580** to spend on sport over the course of the academic year. The funding is ring-fenced and must be spent on supporting the children to develop a healthy lifestyle through exercise and sport.

In 2024/25 our funding continues to enable the Academy to do some very exciting things for the children. We have continued to use a significant amount of our funding to provide high quality specialist teaching for all our pupils as well as providing a range of after school sports sessions, improved resources, more active break times and access to different sports.

In 2024/25 our aims continue to be:

- Provide high quality sports coaching for all of our children.
- Increase the opportunities for all children to experience outdoor learning.
- Provide access to a water bar for all children at lunchtime to reduce the consumption of sugary drinks.
- Continue to increase the amount of competitive sport in which our pupils participate.
- Make links to other community sports providers.
- Further develop additional clubs and activities for pupils outside the curriculum.
- Enhance sports resources to ensure that the children have the right equipment to access competitive sport.
- Provide activities at break and lunch that increase movement, teamwork and collaboration

**A full evaluation of the impact of the sports funding for 2024/25 will be carried out in July 25.**

## Funding 2023-24

During the academic year of 2023-2024 we have received **£16,000** in a lump sum and an additional **£10 per pupil**. This means the Academy has received **£20,160** to spend on sport over the course of the academic year. The funding is ring-fenced and must be spent on supporting the children to develop a healthy lifestyle through exercise and sport.

In 2023/24 our funding continues to enable the Academy to do some very exciting things for the children. We have continued to use a significant amount of our funding to provide high quality specialist teaching for all our pupils as well as providing a range of after school sports sessions, improved resources, more active break times and access to different sports.

In 2023/24 our aims are to:

- Provide high quality sports coaching for all of our children.
- Increase the opportunities for all children to experience outdoor learning.
- Provide access to a water bar for all children at lunchtime to reduce the consumption of sugary drinks.
- Continue to increase the amount of competitive sport in which our pupils participate.
- Make links to other community sports providers.
- Further develop additional clubs and activities for pupils outside the curriculum.
- Enhance sports resources to ensure that the children have the right equipment to access competitive sport.
- Provide activities at break and lunch that increase movement, teamwork and collaboration

**A full evaluation of the impact of the sports funding for 2023/24 will be carried out in July 24.**

<ul style="list-style-type: none"> <li>• Provide high quality sports coaching for all of our children.</li> </ul>	We continue to provide a high quality sports and PE curriculum. Sports Premium funding has been used to effectively develop staff expertise, quality of assessment and impact upon children's health. Children continue to be engaged, motivated and participating in sport so they are fitter, healthier and enjoying sport.
<ul style="list-style-type: none"> <li>• Increase the opportunities for all children to experience outdoor learning</li> </ul>	All children continue to be in receipt of a period of outdoor learning during each academic year. This has had a significant impact on the children's mental health and well-being. The impact on resilience is high.
<ul style="list-style-type: none"> <li>• Provide access to a water bar for all children at lunchtime to reduce the consumption of sugary drinks</li> </ul>	The water bar continues to provide fresh water to all children and very few sugary drinks are consumed. All children have the opportunity to remain hydrated through the course of the day.
<ul style="list-style-type: none"> <li>• Continue to increase the amount of competitive sport in which our pupils participate</li> </ul>	Sports funding has been used effectively to enable groups of children to participate in inter school competitions. All children have been able to compete in intra-club tournaments. This has ensured that all children have taken part in competitive sport that has challenged them mentally and physically.
<ul style="list-style-type: none"> <li>• Make links to other community sports providers.</li> </ul>	Sports activity days took place in the summer with community organisations giving children taster sessions in a variety of sports
<ul style="list-style-type: none"> <li>• Further develop additional clubs and activities for pupils outside the curriculum</li> </ul>	A full range of extra-activities have taken place with high levels of participation. Children in receipt of Pupil Premium have been given preferential access to clubs.
<ul style="list-style-type: none"> <li>• Enhance sports resources to ensure that the children have the right equipment to access competitive sport</li> </ul>	A full audit of sports resources has taken place to ensure that the curriculum and extra-curricular activities are a high quality experience. Where gaps in resource were identified, new equipment has been purchased.
<ul style="list-style-type: none"> <li>• Provide activities at break and lunch that increase movement, teamwork and collaboration</li> </ul>	Funding has been used to purchase new equipment for the playground. This has increased the number of children participating in activities that require high levels of movement. <i>Further to this, further resources have been directed to the upgrade and resurfacing of the KS2 playground.</i>

## Swimming

In order to ensure that all children achieve the goal of swimming 25m (as set out in the National Curriculum), the Academy provides intensive swimming coaching for those pupils in Y5 who are currently unable to swim 25m. For those who are unable to swim 25m by the end of Y5, lessons continue into Y6.

Cohort (Y6)	% of children able to swim 25m using a range of strokes effectively		Number of children able to swim 25m using a range of strokes effectively and who are able to self-rescue in different water based situations	Number of children who are unable to swim 25m using a range of strokes effectively and who are unable to self-rescue in different water based situations
	(Sept)	(July)		
2023/24	100	100	59	0
2022/23	78.2	96.6	57	2
2021/22	59.4	91.7	55	5
2020/21	72	96	47	2
2019/20	53	80% when pool closed due to covid	36 could swim 25m+ when pool closed due to covid	9 could not swim 25m+ when pool closed due to covid
2018/19	82	96	50	2
2017/18	67	93	42	3

Y5 (as fewer children are now starting Y6 unable to swim):

Cohort (Y5)	% of children able to swim 25m using a range of strokes effectively		Number of children able to swim 25m using a range of strokes effectively and who are able to self-rescue in different water based situations	Number of children who are unable to swim 25m using a range of strokes effectively and who are unable to self-rescue in different water based situations
	(Sept)	(July)		
2023/24	66	94.9	56	3

## Funding 2022-23

During the academic year of 2022-2023 we have received **£16,000** in a lump sum and an additional **£10 per pupil**. This means the Academy has received **£19,540** to spend on sport over the course of the academic year. The funding is ring-fenced and must be spent on supporting the children to develop a healthy lifestyle through exercise and sport.

In 2022/23 our funding continues to enable the Academy to do some very exciting things for the children. We have continued to use a significant amount of our funding to provide high quality specialist teaching for all our pupils as well as providing a range of after school sports sessions, improved resources, more active break times and access to different sports.

In 2022/23 our aims are to:

- Provide high quality sports coaching for all of our children.
- Increase the opportunities for all children to experience outdoor learning.
- Deepen staff and pupil awareness of looking after your mental health.
- Provide access to a water bar for all children at lunchtime to reduce the consumption of sugary drinks.
- Continue to increase the amount of competitive sport in which our pupils participate.
- Make links to other community sports providers.
- Further develop additional clubs and activities for pupils outside the curriculum.
- Enhance sports resources to ensure that the children have the right equipment to access competitive sport.

<ul style="list-style-type: none"> <li>• Provide high quality sports coaching for all of our children.</li> </ul>	We continue to provide a high quality sports and PE curriculum. At Ling Moor we believe that children need to develop and practise their key skills from an early age – swimming is no different. To support our families, we provide details of local swimming specialists and celebrate children’s successes in their swimming classes out of school.

# Ling Moor Primary Academy

## Sports Funding Statement 2018/19

Following the London 2012 Olympic and Paralympic Games the Government provided funding for schools to secure a significant and lasting legacy for children. The aim of the funding is to develop an enjoyment of sport and physical activity, and to promote a healthy lifestyle in children from an early age. It is up to each individual school or academy to decide how this money is spent.

### Funding 2018-2019

During the academic year of 2018-2019 we have received **£16,000** in a lump sum and an additional **£10 per pupil**. This means the Academy has received **£19,150** to spend on sport over the course of the academic year. The funding is ring-fenced and must be spent on supporting the children to develop a healthy lifestyle through exercise and sport.

In **2018/19** our funding continues to enable the Academy to do some very exciting things for the children. We have continued to use a significant amount of our funding to provide high quality specialist teaching for all our pupils as well as providing CPD for our staff. In 2018/19 our aims are to:

- Provide high quality sports coaching for all of our children. This further enhances the expertise of staff.
- Aerobic exercise for all pupils – a weekly high intensity start to the day that is available to all pupils
- Deepen staff and pupil awareness of looking after your mental health
- Embed the coaching model of CPD for staff across the academy
- Provide access to a water bar for all children at lunchtime to reduce the consumption of sugary drinks
- Develop outdoor play equipment for KS2 children
- Continue to increase the amount of competitive sport in which our pupils participate
- Make links to other community sports providers
- Further develop additional clubs and activities for pupils outside the curriculum
- Enhance sports resources to ensure that the children have the right equipment to access competitive sport

### A full evaluation of the impact of the sports funding for 2018/19 carried out in July 19 is below:

<ul style="list-style-type: none"> <li>• Provide high quality sports coaching for all of our children. <ul style="list-style-type: none"> <li>• Enhance sports resources to ensure that the children have the right equipment to access competitive sport</li> </ul>	<p>Sports resources have been replenished this year enabling us to fulfil the curriculum</p>

## Swimming

In order to ensure that all children achieve the goal of swimming 25m (as set out in the National Curriculum), the Academy provides intensive swimming coaching for those pupils in Y5 who are currently unable to swim 25m. For those who are unable to swim 25m by the end of Y5, lessons continue into Y6.

Cohort (Y6)	% of children able to swim 25m (Sept 2018 – 19)	% of children able to swim 25m (July 2019)	Number of children who can swim 25m	Number of children who are unable to swim 25m
2018/19	82	96	50	2
2017/18	67	93	42	3

At Ling Moor we believe that children need to develop and practise their key skills from an early age – swimming is no different. To support our families, we provide details of local swimming specialists and celebrate children’s successes in their swimming classes out of school.

## Sports Funding Statement 2017/18

### Funding 2017-2018

During the academic year of 2017-2018 we have received **£16,000** in a lump sum and an additional **£10 per pupil**. This means the Academy has received **£19,150** to spend on sport over the course of the academic year. The funding is ring-fenced and must be spent on supporting the children to develop a healthy lifestyle through exercise and sport.

In **2017/18** our funding more than doubled. This has enabled us to do some very exciting things for the children. We have continued to use a significant amount of our funding to provide high quality specialist teaching for all our pupils as well as providing CPD for our staff. In 2017/18 our aims are to:

- Provide high quality sports coaching for all of our children. This further enhances the expertise of staff.
- Aerobic exercise for all pupils – a twice weekly high intensity start to the day
- Introduce healthy lifestyle workshops led by experts
- Deepen staff and pupil awareness of looking after your mental health
- Embed the coaching model of CPD for staff across the academy
- Provide access to a water bar for all children at lunchtime to reduce the consumption of sugary drinks
- Develop outdoor play equipment for KS1 children
- Continue to increase the amount of competitive sport in which our pupils participate
- Make links to other community sports providers
- Further develop additional clubs and activities for pupils outside the curriculum
- Enhance sports resources to ensure that the children have the right equipment to access competitive sport

**A full evaluation of the impact of the sports funding for 2017/18 will take place in July 2018.**

### Swimming

In order to ensure that all children achieve the goal of swimming 25m (as set out in the National Curriculum), the Academy provides intensive swimming coaching for those pupils in Y5 who are currently unable to swim 25m.

Cohort	% of children able to swim 25m (April 2017)	Number of children who can swim 25m	Number of children who are unable to swim 25m	% of children able to swim 25m (April 2018)
2017/18 Y6	67	42	3	93

At Ling Moor we believe that children need to develop and practise their key skills from an early age – swimming is no different. To support our families, we provide details of local swimming specialists and celebrate children's successes in their swimming classes out of school.

## Funding 2016-2017

During the academic year of 2016-2017 we have received **£8000** in a lump sum and an additional **£5 per pupil**. This means the Academy has received **£9680** to spend on sport over the course of the academic year. The funding is ring-fenced and must be spent on sport and PE.

In **2016/17** we have continued to use our funding to provide high quality specialist teaching for all our pupils as well as providing CPD for our staff. In 2016/17 our aims are to:

- Embed rigorous assessment procedures in PE to ensure that pupil needs are being met and progress can be measured
- Embed the coaching model of CPD for staff across the academy
- Continue to increase the amount of competition sport in which our pupils participate
- Make links to other community sports providers
- Further develop additional clubs and activities for pupils outside the curriculum
- Give extra support in PE to our most talented pupils as well as pupils who have physical needs

**Standards in PE continue to be good with the actions taken enhancing provision**

## Funding for 2015- 2016

During the academic year of 2014-2015 we received **£8000** in a lump sum and an additional **£5 per pupil**. This means the Academy received **£9500** to spend on sport over the course of the academic year.

### How the funding was spent in 2015-2016

At Ling Moor Primary Academy we spent a large proportion on hiring specialist sports coaches to lead some of our PE lessons and to provide professional development for our teachers. Every child in the school was taught by a specialist coach over the year. We also used some of the funding to offer additional clubs to broaden the range of sports we offer. These were provided by other professional coaches.

*Over 2015/16 the funding was spent in the following way:*

- Autumn term 2015 and Spring term 2016 - 7.5 hours per week of specialist sports coaching from Multi-Sports Pro focussing on developing skills and expertise in games. In the EYFS and KS1 the specialists worked with pupils to develop the essential skills required for games including Hockey and Netball. In KS2 the specialists focussed on playing games of Hockey and Netball and learning the related rules.
- In the Summer term 2016 – 7.5 hours per week of specialist sports coaching from Multi-Sports Pro focussed on developing skills and expertise in Athletics (all school).
- Multi-Sports Pro led two extra-curricular lunchtime sports clubs. One for pupils in Year 1 and Year 2 and the other for pupils in Year 3 and Year 4.
- Financial support was given for the local primary school football and netball league/tournaments (all year).
- Bikeability courses were delivered to all Year 5 pupils (Autumn 2015)
- Badminton coaching took place for pupils in KS2 (Spring 2016)
- Entry fees were paid for local multi-sports and athletics competitions (all year)
- Intensive swimming lessons were provided for pupils in Year 5 and Year 6 to enable them to swim 25m (Spring and Summer terms 2016)

### Measuring the impact of the funding over 2015-2016

Improving the outcomes for pupils in Physical Education remains a high priority within our Academy. As a consequence of the funding the following improvements were observed:

- The end of year review with staff clearly indicated increased confidence and subject knowledge in the teaching and learning of games.

- Assessment procedures continued to embed so that the academy can evidence the impact of School Sports Funding on pupil attainment and progress in PE.
- Pupils showed enjoyment in P.E. and sport. They demonstrated highly positive attitudes to their weekly sessions with the sports coaches and attendance was high at the extra-curricular clubs.
- The vast majority of the pupils identified for intensive swimming courses were able to swim 25m.
- The academy took part in an increased number of inter-school competitions when compared to previous years.
- The academy netball team was fully established and experienced a high level of success over the year.
- The school football team was well established within the local league experiencing various level of success at both league and tournament level.

Standards in PE across the academy were judged to be at least good.
